

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

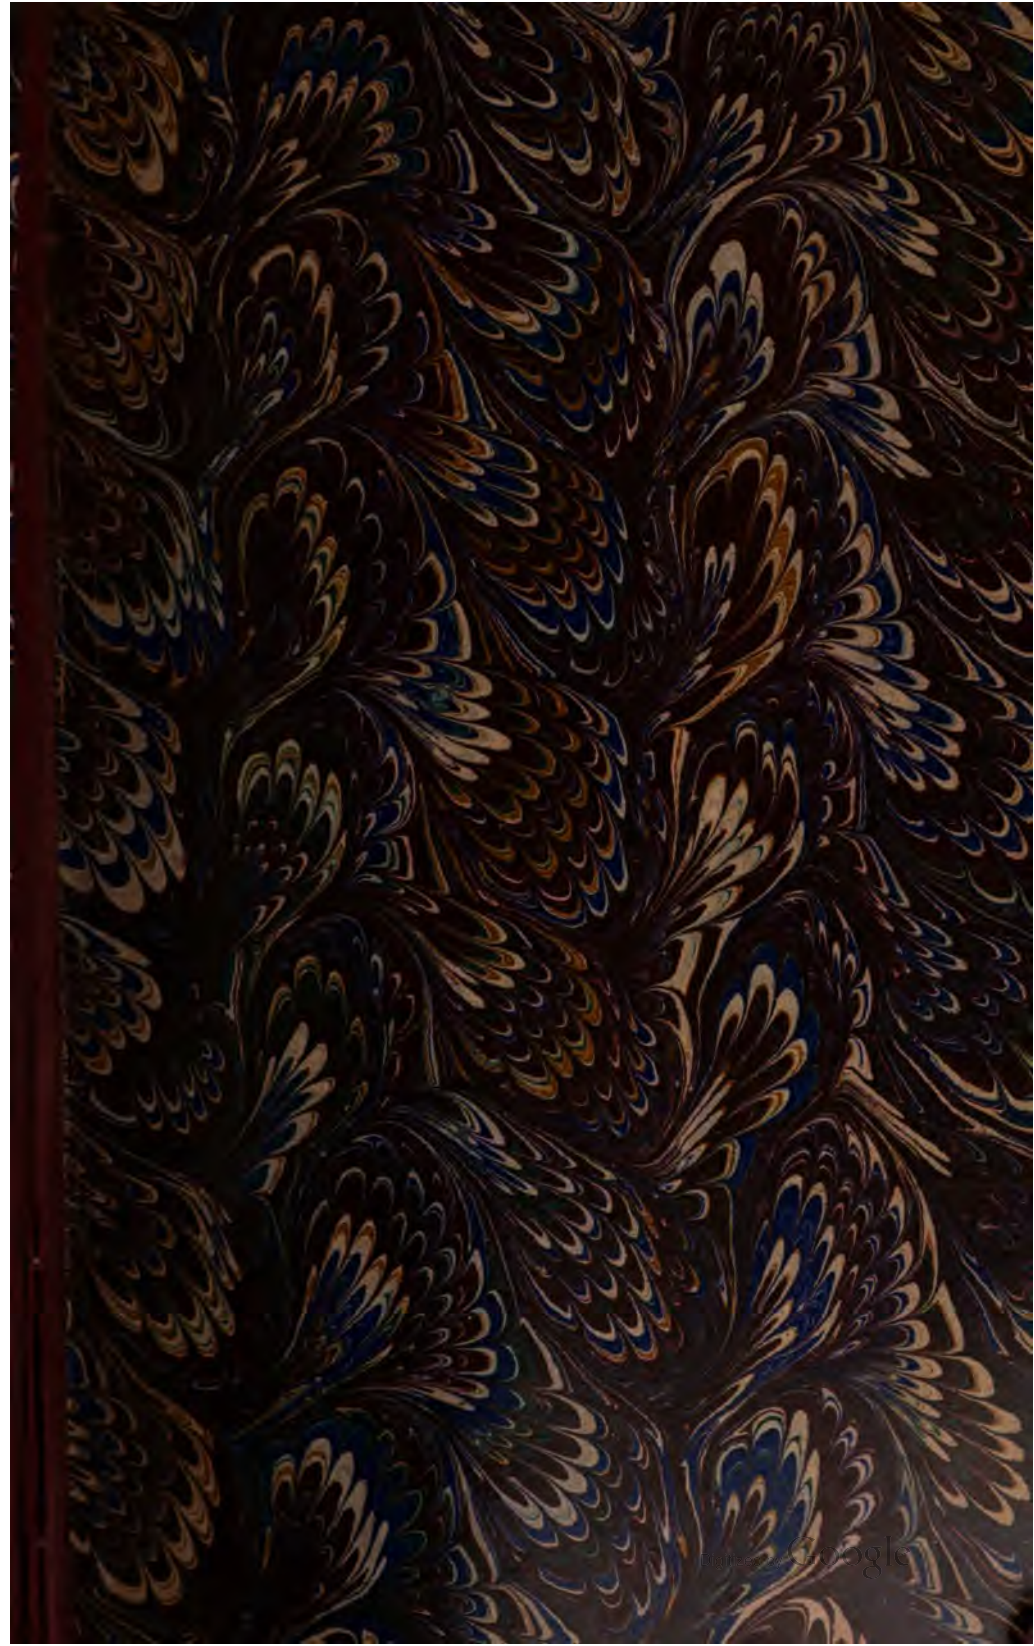

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. # REPORT.

---

OFFICE OF STATE BOARD OF ASSESSORS,  
TRENTON, N. J., October 31st, 1895. }

*To the Legislature of New Jersey :*

The Twelfth Annual Report of the State Board of Assessors, in accordance with an act entitled "An act to revise and amend an act for the taxation of railroad and canal property," approved April tenth, one thousand eight hundred and eighty-four, which revision was approved March twenty-seventh, one thousand eight hundred and eighty-eight, is herewith submitted.

The act of the Legislature, passed during the session of 1895, provides that all reports from departments shall be prepared as of October 31st, each year, and must, under severe penalty, be filed on or before November 30th in each year.

As the act under which this Board is created permits the railroad corporations to file their notices of appeal from the values as fixed on the third Monday of November ; and as the same act provides that the corrected assessments, if any, shall be filed with the Comptroller before the fifteenth day of January following, it is extremely difficult for this Board to make, at the time provided in the act, a report which is entirely satisfactory to themselves.

Under the act of May 3d, 1889, all cable railroad companies, electric railroad companies and horse railroad companies, and every corporation owning, using or operating any cable, electric or horse railroad, shall on the first Tuesday in January of each year make return to the State Board of Assessors, and copies of such returns are required by said act to be printed in the annual reports of this Board to the Legislature. It will be seen that under the act of 1895 this is impossible, and hence, in filing this report, we are compelled to leave out that portion which applies to the companies above named.

The conclusion of the Board is that the act of 1895 should be so amended as that the report of the State Board of Assessors shall be filed on the first day of February in each year, instead of on the thirtieth day of November preceding.

The most intricate question which the Board is called upon to determine, is the fixing of the value of railroad properties, each year. The claim is made by the railroads that while in times of great prosperity, the material values increase, yet in times of business depression, rolling stock is permitted to deteriorate, road-bed is not kept up to its standard, and a value fixed upon the property during prosperous times should not be used as a guide to the value of the

me property in times of great depression. There is a strong argument in favor of this view. It is also claimed, and with considerable justice, that the values placed by the Board on railroad property are much in excess of the values placed on similar property by municipal assessors, and that hence, while the rate of taxation on railroad property is frequently less than the municipal rate, in the aggregate the tax paid by the railroad corporations exceeds that paid by individuals. This view is in a great measure correct, and arises from the fact that the values as fixed in the early days of the Board were true values, and as high as they could be reasonably placed; and the predecessors of the present Board, having sustained these values in the Courts of the State, this Board has hesitated in the making of reductions, except in cases where deterioration of the properties has been clearly shown.

Another important factor which is to be considered, is that the rolling stock of the railroads, while it may not have decreased in value per article, has decreased in volume. This has been occasioned because of the large number of electric railways all over the State, which have drawn largely the local travel from the steam railroads, and consequently requires less rolling stock and less number of trains. In one particular instance, which has been brought to the attention of the Board, a railroad company running in a thickly populated portion of the State, with two electric roads in competition, has reduced its number of local trains over fifty per cent.

In this connection it seems proper that while electric roads are supplanting steam roads, some legislation should be had with respect to taxation of electric railroads. It is difficult to draw the line, where a steam railroad, under the meaning of the act, ceases to be a "steam railroad" and becomes a "street railway." In many instances electric roads own right of way, are built across farm lands in much the same manner as steam railroads are built, and in other instances steam railroads are abandoning the use of the locomotive and equipping their roads with electricity. It seems, therefore, that it would be a desirable thing to pass an act bringing the electric roads into the same class, for the purpose of taxation, as steam railroads.

It has been the custom of the Board to frequently visit the lines of all railroads and personally inspect new construction, and to note any improvements before adjusting and classifying properties for the purpose of taxation. The annual inspection has been made this year in the usual course, and the Board look upon it as one of the most important duties they have to perform.

Reference was made in the report of 1894 to the fact that the Central Railroad Company of New Jersey had expressed its willingness to execute and file the necessary instrument, under the law of 1890, surrendering its claim to an irrevocable contract, and the Governor in 1895, in his message to the Legislature, referred to the fact, and recommended the acceptance of the surrender from the Central Railroad Company. The company on June 25th, 1895, filed with the Secretary of State a surrender of its claim.

There was but one new company valued and assessed for 1895, to wit, The National Docks and New Jersey Junction Connecting Railway Company.

During the year 1894, the Mays Landing and Egg Harbor City Railroad, which had not been operated for a number of years, was finally abandoned, and the rails taken up and removed. This company is therefore omitted from the assessment of 1895.

The Barnegat Railroad, which was last year classified in the Pennsylvania Railroad System, will this year be found in the list of railroads not classified, it having been leased to the Manahawkin and Long Beach Transportation Company.

The aggregate valuation of railroad property for 1894, as reported to the Legislature, was as follows :

| Valuation.       | State Tax.     | Tax for Taxing Districts. | Total Tax.     |
|------------------|----------------|---------------------------|----------------|
| \$219 771,072 00 | \$1,098,855 37 | \$400,990 30              | \$1,499,845 67 |

or purposes of comparison, in order to show the actual increase in valuation of railroad property and the increase in State tax and tax for local taxing districts derived from the same, the following table is submitted :

## STATE BOARD OF ASSESSORS.

## COMPARISON OF ASSESSMENTS, 1894 AND 1895.

|               | Valuation.       | State Tax.     | Tax for Taxing Districts. | Total Tax.     |
|---------------|------------------|----------------|---------------------------|----------------|
| 1895, . . . . | \$220,705,822 00 | \$1,103,529 11 | \$410,882 13              | \$1,514,411 24 |
| 1894, . . . . | 219 771,072 00   | 1,098,855 37   | 400,990 30                | 1,499,845 67   |
| Increase, .   | \$934,750 00     | \$4,673 74     | \$9,891 83                | \$14,565 57    |

## RAILROADS OF NEW JERSEY.

The total length of track constructed in New Jersey at the close of 1894 was :

|                                              | Miles.    |
|----------------------------------------------|-----------|
| First track, . . . . .                       | 2,253.570 |
| Second track, . . . . .                      | 750.229   |
| Third and fourth tracks, . . . . .           | 177.612   |
| Sidings, . . . . .                           | 1,343.774 |
| Total, . . . . .                             | 4,525.185 |
| Of which is laid with steel rails, . . . . . | 3,569.718 |
| Of which is laid with iron rails, . . . . .  | 955.467   |
| Total, . . . . .                             | 4,525.185 |

The miles of canal and feeder in the State are 173.340.

The increases over 1893 are as follows :

|                                    | Miles. |
|------------------------------------|--------|
| First track, . . . . .             | 20.803 |
| Second track, . . . . .            | 4.993  |
| Third and fourth tracks, . . . . . | .100   |
| Sidings, . . . . .                 | 23.617 |
| Total increase, . . . . .          | 49.513 |
| Increase steel rails, . . . . .    | 73.939 |
| Decrease iron rails, . . . . .     | 24.426 |
| Net increase, . . . . .            | 49.513 |

## FINANCIAL STATEMENT.

The capital stock and bonded debt, as reported, are as follows :

|                          |                  |
|--------------------------|------------------|
| Capital stock, . . . . . | \$145,864,189 00 |
| Bonded debt, . . . . .   | 178 503,862 00   |
|                          | <hr/>            |
| Total, . . . . .         | \$324,368,051 00 |

|                                 |                  |
|---------------------------------|------------------|
| Capital stock for 1893, . . . . | \$145,525,189 00 |
| Bonded debt for 1893, . . . .   | 174,354,976 00   |
|                                 | <hr/>            |
| Total, . . . . .                | 319,880,165 00   |

|                                                                      |                |
|----------------------------------------------------------------------|----------------|
| Increase for the year in capital stock<br>and bonded debt, . . . . . | \$4,487,886 00 |
|----------------------------------------------------------------------|----------------|

|                                                                                         |                 |
|-----------------------------------------------------------------------------------------|-----------------|
| The gross earnings of all lines for the year<br>ending December 31st, 1894, were, . . . | \$39 958,819 55 |
| For 1893, . . . . .                                                                     | 42,512,657 86   |
|                                                                                         | <hr/>           |
| Decrease, . . . . .                                                                     | \$2,553,838 31  |

During the year the following writs of *certiorari* to review the assessment of 1894 were applied for and granted :

Carteret Extension Railroad Company.  
 Carteret and Sewaren Railroad Company.  
 Central Railroad Company of New Jersey.  
 Elizabeth Extension Railroad Company.  
 Freehold and Atlantic Highlands Railroad Company.  
 Hibernia Mine Railroad Company.  
 Manufacturers' Extension Railroad Company.  
 Monmouth Park Association  
 Navesink Railroad Company.  
 New Jersey Southern Railway Company.  
 New York and Long Branch Railroad Company.  
 Ogden Mine Railroad Company.  
 Toms River Railroad Company.  
 Toms River and Barnegat Railroad Company.  
 United New Jersey Railroad and Canal Company.  
 Vineland Railroad Company.  
 West End Railroad Company.

## MISCELLANEOUS CORPORATIONS.

Under the present system of taxing the franchises of miscellaneous corporations, a large revenue has been received by the State. There has been a great increase since 1884 in the number assessable, and from this source the State derives large revenue, as will be seen by reference to the accompanying table. The labor connected with the assessment of miscellaneous corporations is very great, and in order to arrive at which are assessable and which are not, a large amount of correspondence must be had with the various companies. It also becomes necessary for the individual members of the Board to make personal investigation into statements of companies claiming to be exempt under the act. The hearing of cases on appeal against the franchise tax consumes a large amount of time, and it is not out of place to say that while the valuation of railroad property may be considered the most important branch of the Board's work, yet the settling of miscellaneous corporation cases is equally as onerous and consumes almost as much time.

The following table shows the comparison with previous years of the number of corporations assessed, and the amount of tax levied :

| YEARS.        | Number of<br>Corporations<br>Assessed. | Amount of Tax<br>Assessed. | Increase in<br>Number of<br>Corporations<br>Assessed. | Increase in<br>Amount of Tax<br>Assessed. |
|---------------|----------------------------------------|----------------------------|-------------------------------------------------------|-------------------------------------------|
| 1884. . . . . | 619                                    | \$195,273 51               | . . .                                                 | . . . . .                                 |
| 1885. . . . . | 797                                    | 235,769 40                 | 178                                                   | \$40,495 89                               |
| 1886. . . . . | 917                                    | 244,035 81                 | 120                                                   | 8,266 41                                  |
| 1887. . . . . | 1,132                                  | 287,702 13                 | 215                                                   | 43,666 32                                 |
| 1888. . . . . | 1,457                                  | 360,197 59                 | 325                                                   | 72,495 46                                 |
| 1889. . . . . | 1,698                                  | 438,893 42                 | 241                                                   | 78,695 83                                 |
| 1890. . . . . | 2,103                                  | 574,048 16                 | 405                                                   | 135,154 74                                |
| 1891. . . . . | 2,377                                  | 629,659 62                 | 274                                                   | 55,611 46                                 |
| 1892. . . . . | 3,149                                  | 788,486 86                 | 772                                                   | 158,827 24                                |
| 1893. . . . . | 3,889                                  | 973 417 19                 | 740                                                   | 184,930 33                                |
| 1894. . . . . | 4,283                                  | 1,077,066 39               | 394                                                   | 103,649 20                                |
| 1895. . . . . | 4,450                                  | 1,092,744 59               | 167                                                   | 15,678 20                                 |

## CONCLUSION.

The plan followed in previous reports of including the necessary information under the title of each railroad company, with the financial statements, etc., has been followed out in this report.

The attention of the Legislature is respectfully called to the details herewith. It is the belief of the Board, that while the report is not as complete as they would wish, it will be found valuable and useful to every taxing district in the State.

During the year, on nomination of the Governor, the Hon. David Baird, of Camden county, succeeded to the membership in the Board held by Ferdinand H Wismer, Mr. Wismer's term having expired. We have had the pleasure of an association with Mr. Baird for the past six months, and it is with particular gratification that the Board welcomes so competent a successor to the retiring member. During the year, also, the Secretaryship became vacant, and the Board, in the true spirit of Civil Service Reform, elected Irvine E. Maguire, who had been senior clerk in the office for the past eleven years.
